Professional Experience

CEO & Co-Founder / Principal UX & Product Design Lead

Push Refresh | Jan 2024 – Present

- Lead UX/UI and product design strategy for enterprise and growth-stage clients across SaaS, fintech, healthcare, nonprofit, and consumer sectors
- Deliver end-to-end product design solutions, from discovery and research through production and launch. Translate complex requirements into intuitive, scalable digital experiences with a strong focus on usability and performance
- Architect and scale design systems used across web and mobile platforms, improving consistency, velocity, and maintainability
- Partner directly with founders, executives, and product leaders to align design outcomes with business goals and technical constraints
- Lead and mentor multidisciplinary teams of designers and engineers, fostering high standards of craft and collaboration

Experience Design Lead

TIAA | Sept 2023 – Apr 2024

- Led experience design initiatives for enterprise financial platforms serving large-scale user bases
- Collaborated closely with product management, engineering, and compliance teams to deliver secure, user-centered solutions
- Contributed to the evolution of enterprise design systems and interaction standards
- Ensured design alignment across web and mobile touchpoints while maintaining accessibility and usability best practices

Principal UI/UX Designer

UnitedHealth Group | Oct 2022 – Sept 2023

- Led principal-level design efforts for healthcare platforms supporting complex workflows and regulated environments
- Delivered user-centered solutions that balanced clinical, operational, and business requirements
- Conducted design research and usability testing to validate design decisions and reduce product risk
- Partnered with cross-functional teams to improve experience consistency across digital products

Managing UI/UX Web Designer

Hubilo | Sept 2021 – Jan 2023

- Led UX/UI design for SaaS event and engagement platforms
- Designed scalable interfaces optimized for usability and conversion
- Partnered with product and engineering teams to rapidly iterate and ship features

Lead UI/UX Art Director

Bottle Rocket | Mar 2019 – Oct 2022

- Led UX/UI design for high-profile web and mobile applications across consumer and enterprise clients
- Oversaw visual design quality, interaction patterns, and design system implementation
- Mentored designers and contributed to creative direction across multiple projects
- Collaborated with engineering teams to ensure high-fidelity execution from design to production

Senior UX/UI Web Designer

The Creative Group | Oct 2017 – Mar 2019

- Designed responsive, user-centered web experiences for a variety of clients and industries
- Delivered wireframes, prototypes, and high-fidelity designs under tight timelines
- Worked closely with developers to ensure accurate implementation and performance optimization
